

Pretty Please
— *By Katie* —
BRIDAL • HAIR • MAKEUP

So many people don't feel comfortable or don't know how to properly apply their make up. On your Wedding day you want to look as amazing as you feel and that's why, by booking a professional make up artist, you're sure to get the flawless results that you're looking for.

What do I do?

As a bridal make up artist my job is to make you look like the very best version of yourself. It doesn't mean that I'm going to change the way you look or make you unrecognisable - It simply means that I have the skills, professional products and knowledge to enhance your existing features, making you look flawless, radiant and even more beautiful than usual!

Why Airbrush?

As a trained Airbase Airbrush Make Up artist I offer this service to brides wanting a faultless, flawless finish. This high definition make up photographs beautifully, sets perfectly and will remain in place from the first kiss until the very last dance! Airbrush 'spray on' make up is a premium product, often reserved for celebrities, and on your wedding day you shouldn't feel like anything less!

What do you want?

Everybody has their own preferences when it comes to make up and how they like to look. By booking a professional Make Up artist you can be sure that you're investing in someone who has spent time perfecting the art of make up and knows how to use it correctly to enhance your existing features, not mask them.

How to book me

When you first get in touch I will ask for some details about your day in order to create a personalised quote for you. These details will include your venue, timings and the size of your bridal party. I then take a deposit payment to secure your wedding date. Your booking is confirmed on receipt of this payment and upon completion of a booking form. I only book one wedding per day so you can be sure of my undivided attention.

Why have a preview session

I offer all brides the chance to have a preview session. Sometimes referred to as a trial, this 90 minute session allows us to work together to create your perfect bridal make up look. I'll ask you to bring photos of what you like and we can work together to create something bespoke for you. Weekend and evening appointments do get booked up in advance so book your date early.

What happens next

The final balance payment is due 30 days before the wedding date. At this point we will confirm details such as timings and venue details. Some brides, especially larger parties, wish to work to a schedule on the wedding morning so everyone is clear as to where they need to be and what time.

On the day

Upon arriving at your venue at the agreed time I will set up my kit so I am able to work quickly and efficiently. It's always good to be positioned nearest natural light where possible, and access to a plug socket is necessary for the airbrush device. The bride generally has her make up done toward the end of the session, leaving enough time for her to get into her dress and have any final touch ups.

See for yourself

I often update my social media accounts with images of clients and brides. This is a good way for you to gather inspiration for your own bridal look. You can read what other brides have to say about my services by visiting www.facebook.com/prettypleasebykatie

And if you do have any questions, no matter how silly or trivial you might think they are , please feel free to ask
